Dear Paul,

As we spoke about yesterday, I am also so impressed with the growth in this team.

I think yesterday's session was fantastic, it was well put together and each and every staff member could relate to the principles. You were a great presenter.

I am sitting in the tasting room watching the wine advisors currently – three different groups with three different wine advisors and each of them seem to have captivated their audiences! Lots of smiles around.

So grateful that we have you on board, you have made a huge impact on this team!

Regards

Carla
